SECTION I: INSTRUCTIONS TO PROPOSERS/ GENERAL INFORMATION

A. PURPOSE.

The Arkansas State Police (ASP) is working with ADFa to review financing options for the renovation and construction of Regional Headquarters around the State. These projects have a projected total cost of approximately \$28,000,000. ADFa would issue the bonds on behalf of the ASP, and they would be repaid by the fees received from the sale and renewal of Drivers Licenses in the State. The team of Bond professionals being assembled will need to assist ASP and ADFa in developing an optimal financing plan.

Brief Discussion of Financing Plan/Needs:

The Drivers' License Revenue Fund was created by Act 856 of 2015 for the account of the Authority and requires that all fees received by the State from the sale of Arkansas drivers' licenses pursuant to Ark. Code Ann. Sections 27-16-801(a) and 27-23-118(a)(3) be deposited therein. Act 856 also states that to the extent not necessary to make debt service payments, moneys shall be released to the Department on a quarterly basis to provide operating funds. Since 2006, Average annual revenue from these fees has steadily increased, and totaled approximately \$ 6,996,997 in FY2015. Certain revenue bonds previously issued on behalf of the ASP have a first lien pledge of these revenues, and the amount generated over and above debt service for these issues is used for the general operation of the ASP. The two outstanding issues have final maturities in 2018, one is currently callable, and the other is not. The ASP intends to continue to devote annually approximately \$5 million of these fees to pay debt service for revenue bonds issued by ADFa, for the purpose outlined above.

Eight-Year Summary of Drivers' License Revenues (June 30).

FY 2006	\$ 6,589,376.61

Please Note: HB1359 of 2015 extends the period of time for which a regular Arkansas driver's license is valid from the current period of four years to a period of 8 years. The provisions of this bill will apply to driver's license issued or renewed beginning on and after January 1, 2016. We have attached as an addendum the Legislative Impact Statement from the Arkansas Department of Finance and Administration and SB636 which defines the flow of funds as they pertain to debt service and operations at the Arkansas State Police in relation with outstanding and proposed

SECTION III: STATEMENT OF QUALIFICATIONS

An updated statement of qualifications should be maintained on file at ADFA for all firms submitting proposals as bond counsel.

SECTION IV: PROPOSAL FORMAT

A. TRANSMITTAL LETTER. A brief transmittal letter prepared on the proposer's business stationery should accompany the submitted proposal.

B. PROPOSAL. The proposal should be labeled "Proposal to serve as Bond Counsel for the ASP Project". The proposal must contain sufficient information to enable the ADFA Staff

Professional Selection Committee to evaluate the proposal. It should be prepared in a clear and precise manner and should address all appropriate subsections.

1. **Bond Counsel Team and Personnel.** Describe the manner in which you would organize your firm's resources to serve as bond counsel for the proposed financing. In doing so, please address the following questions or issues:
 1. Identify the individual who will manage this financing on a day-to-day basis. Define this individual's position within the firm and indicate the degree to which he or she will be able to commit the firm's resources to ADFA. What is this person's availability for this financing and what other commitments does he or she have?
 2. Identify other professionals from your firm who will be assigned to work on this project, their roles and responsibilities and relevant aspects of their background. How will these individuals work with the other members of the financing team?
2. **Bond Counsel Opinion.** Confirm whether your firm can issue opinions necessary for the issuance of debt instruments under existing law. If legislative action is needed before an opinion can be given, provide a brief summary of such legislation. Describe any other legal issues which must be resolved before the financing program can be completed.
3. **Comments on Scope of Services.** Elaborate on the services you propose to perform as bond counsel for the proposed financing. In what way do you expect the scope of services to differ from those listed in Section II?
4. **Arkansas Presence.** Please explain your firm's presence within Arkansas and describe how that presence is relevant to the proposed transaction.
5. **Potential Conflicts.** List any relationship which might lead to a potential conflict in performing any services for ADFA. Please list specifically any conflicts resulting from material adverse matters, as distinguished from the conduct of business as usual. Indicate what steps would be taken to eliminate any such conflict.
6. **Rationale for Appointment and Proposal Summary.** This section of the proposal should be used by each proposer to present the case for its appointment to the position sought. It is not necessary for you to recite comprehensively your firm's qualifications and experience, which should be on file with ADFA in your current Statement of Qualifications, but it would be useful for you to describe how your qualifications and experience is relevant to the proposed transaction. In particular, you may want to select a past deal as bond counsel (indicating the date of issue, issuer, credit description, size and method of sale) and summarize its similarity to this program and its successfulness.

7. **Malpractice Insurance.** Acknowledge that if selected as bond counsel, your firm will provide to ADFA proof of malpractice insurance covering, among other things, securities-related claims. Please list any pending claims or disputes relating to prior opinions as bond counsel.

8. **Bond Counsel Fee Determination.** Selection of a bond counsel will not be based on a competitive bid. ADFA will attempt to negotiate with the top ranked firm to establish a fair and reasonable fee. If an agreement cannot be reached with the top ranked firm, negotiations will be attempted with the lower ranked firms in order of their rankings.

Provide the basic assumptions on which your firm's fee would be predicated and any factors that would change the actual fee. State what you consider to be the most appropriate method for determining a reasonable attorney fee for this representation, and state your rationale.

9. **Equal Opportunity Statement.** Please submit your Equal Opportunity Policy to ADFA in accordance with Arkansas Act 2157 of 2005. This act requires any firm wishing to respond to an RFP or submit a proposal or statement of qualifications to provide ADFA with your Equal Opportunity Policy.

10. **Acceptance.** Submission of proposals, in response to this Request for Proposal, constitutes acceptance of all conditions, requirements and limitations described in this document.

Legislative Impact Statement

Bill: HB1359

Bill Subtitle: TO AMEND THE TIME PERIOD OF DRIVER'S LICENSE VALIDITY AND CERTAIN ISSUANCE FEES.

Basic Change : Sponsor: Rep. Johnson and Sen. English

Under current law driver's licenses are valid for a four (4) year period. This bill would change the law to make driver's licenses valid for an eight (8) year period. The fees for the four year license are currently \$20. The fee for an (8) year period would be \$40.00. Additional fees currently added for applicants transferring from another state or written tests would not be changed by this bill.

Revenue Impact :

Revenues may increase for the first four years and decrease the second four years after the eight (8) year license is issued.

Taxpayer Impact :

Taxpayers will only be required to renew their driver's license every eight (8) years which should result in shorter lines and waiting times in the Revenue Offices.

Resources Required :

Programming and training of employees will be required if this bill is passed.

Time Required :

The bill's effective date is January 1, 2016. No additional time is required to implement this bill.

Procedural Changes :

Procedures will change to collect the correct amount for the eight (8) year term license.

Other Comments :

Commercial driver's licenses and identification card terms will remain the same and will not be impacted by the passage of this bill.

Legal Analysis :

HB1359 extends the period of time for which a regular Arkansas driver's license is valid from the current period of four years to a period of eight years. However, this expansion of the period of validity does not apply to learner's permits, intermediate driver's licenses or commercial driver's licenses. The provisions of this bill will apply to drivers licenses issued or renewed beginning on and after January 1, 2016.

12 This subchapter shall be known and may be cited as the "Department of
13 Arkansas State Police Headquarters Facilities and Equipment Financing Act".

14
15 12-8-602. Legislative findings.

16 The General Assembly finds that:

17 (1) The Department of Arkansas State Police is faced daily with:

18 (A) Maintaining the most efficient and secure methods of
19 transmitting and processing information between officers in the field and
20 headquarters;

21 (B) The need to maintain and develop the most efficient
22 means of allocating department personnel and other resources, particularly in
23 emergency circumstances; and

24 (C) The need to design, construct, and maintain facilities
25 from which the department's personnel and resources may be stationed and
26 deployed;

27 (2) There is a need to continuously improve, upgrade, expand,
28 and maintain the department's headquarters facilities and communication and
29 information technology systems and equipment to support the police force and
30 its mission to protect and serve the citizens of the state;

31 (3) A *designated* method of financing is necessary to enable the
32 department to obtain and maintain communication and information technology
33 equipment and headquarters facilities;

34 (4) The use of tax-exempt revenue bonds to finance communication
35 and information technology equipment and headquarters facilities has proven
36 to be an economical and cost-efficient method for financing equipment and

1 facilities for the department;

2 (5) Certain driver license fees have been pledged and utilized
3 by the department since 1997 to finance equipment and facilities for the
4 department;

5 (6) These driver license fees *should continue to* be designated
6 as a source of funding to be utilized and pledged by the department to
7 finance or purchase communication and information technology equipment and
8 headquarters facilities;

9 (7) Communication and information technology equipment and
10 headquarters facilities are needed to maintain modern law enforcement and
11 are, therefore, essential to the safety and welfare of the people of the
12 state; and

13 (8) The most feasible and least expensive way of providing a
14 designated source for financing the acquisition and construction of
15 headquarters facilities and communication and information technology
16 equipment is to authorize the use of revenue bonds and designate certain
17 driver license fees to be utilized and pledged for that purpose.
