SECTION I: INSTRUCTIONS TO PROPOSERS/ GENERAL INFORMATION

A. PURPOSE.

The Arkansas Department of Community Correction (ACC) has been working with ADFA and the Arkansas Division of Building Authority (DBA) on the acquisition, renovation and equipping of existing buildings in North Little Rock. The project will also include the construction of a new building. The cost of the project is expected to not exceed \$18,000,000. ADFA will own the property, lease to the DBA, who will then sublease to ACC. The team of bond professionals that is being assembled will need to assist ACC, DBA and ADFA in developing an optimal financing plan.

Currently, ACC is leasing space at various locations, with annual obligations of approximately \$1,434,000. It is expected that these locations would be vacated when the proposed location is ready for occupancy. Approximately \$4,265,000 of the bond proceeds would be used for acquisition immediately after closing, with the balance being used for construction and renovation over the next 18 months.

ACA 12-27-125 established under the supervision, control, and direction of the Board of Corrections, a Department of Community Correction. Arkansas Community Correction (ACC) provides statewide adult parole and probation services and operates community-based residential and non-residential treatment programs. “The mission of ACC is to enhance public safety by enforcing state laws and court mandates through community partnerships and evidence-based programs that are cost efficient and hold offenders accountable while engaging them in opportunities to become law-abiding, productive citizens.” Central administration includes the director’s office, interstate compact for adult offenders, public information, legislative affairs, internal investigations, legal counsel, reentry services, transportation team, EEO/Grievance office, human resources, payroll services, employee benefits, purchasing, training, policy development, research and evaluation, grants, accreditation, information technology, budget preparation, and fee collection. Field operations include 5 residential treatment centers, supervised sanctions centers, contracted reentry centers for men and women and statewide probation supervision services for 13 circuit courts, and parole supervision services in 53 locations.

G. SELECTION PROCESS. The ADFA Staff Professional Selection Committee will review the submitted proposals. Ultimately, it is the responsibility of each firm to submit their own statement of qualifications to ADFA in order to be eligible to participate in the transaction.

SECTION IV: PROPOSAL FORMAT

A. TRANSMITTAL LETTER. A one page transmittal letter prepared on the proposer's business stationery should accompany the proposal.

B. PROPOSAL. The proposal should be labeled "Proposal to serve as Underwriter for the ACC Building Project." The submission must contain sufficient information to enable the ADFA Staff

Professional Selection Committee to evaluate the proposal. It should be prepared in a clear and concise manner and should address each of the following subsections:

1. **Investment Banking Team and Personnel.** Describe the manner in which you would organize your firm's resources to serve as ADFA's senior managing underwriter. In doing so, please address the following questions or issues:
 - a. Identify the individual who will manage this financing on a day-to-day basis. Indicate the degree to which he or she will be able to commit the firm's resources to ADFA. What is this person's availability for this financing and what other commitments does he or she have?
 - b. Identify other public finance bankers who will be assigned to work on this project, their roles and responsibilities. What are some relevant aspects of their background?
 - c. This request for proposal does not request recommendations or designations of underwriter's counsel or other law firms. Such designation will occur in conjunction with ADFA after selection of an investment banking firm as senior manager.

2. **Co-Managing Group.** List the firm name and primary contact person for each investment banking firm who you propose as co-manager and describe the proposed division of bonds between the senior manager and co-managers. Identify who would be a proposed selling group. If you do not think a co-management group is beneficial, or otherwise unnecessary, please state so here.

3. **Financing Approach and Recommendation for the Financing Plan.** Please respond briefly to the following issues as you deem appropriate:
 - a. What financing structure would you recommend that ADFA take? Why?
 - b. What are likely credit concerns associated with the bonds? What credit rating would you expect to be assigned to the bonds? What strategy or approach would you recommend to maximize the credit rating?
 - c. Describe your firm's specific marketing plan for selling these bonds and any issues that might impact this considering the challenges presented in the current market environment. Include a discussion of the types of buyers or market sectors that are most likely to participate in the sale.

- d. Provide ADFA with the proposed scale for the bond issue assuming the bonds were to be priced as of the market close of business, April 4, 2018. This is not a bid. ADFA is interested in learning more about pricing thoughts, ideas and structures.
4. **Rationale for Appointment and Proposal Summary.** This section of the proposal should be used by each proposer to present the case for its appointment to the position sought. It is not necessary for you to recite comprehensively your firm's qualifications and experience, which should be on file with ADFA in your current Statement of Qualifications, but it would be useful for you to describe how your qualifications and experience in structuring, underwriting and distributing securities is relevant to the proposed transaction. In particular, you may want to select, e.g., three (3) past deals as senior manager (indicating the date of issue, issuer, credit description, size and method of sale) and summarize their similarity to this program and its successfulness.
5. **Cost Proposal.** Provide an estimate of your total underwriting costs associated with serving as senior manager on this transaction. Please note that any payment to the underwriter is contingent on the closing of the bonds. Please use the form provided at the end of this RFP. Your response should include:
 - a. Proposed takedown on a maturity-by maturity basis as well as average takedown for the entire bond issue;
 - b. Management fee, if any;
 - c. Expenses.
6. **Equal Opportunity Statement.** Please submit your Equal Opportunity Policy to ADFA in accordance with Arkansas Act 2157 of 2005. This act requires any firm wishing to respond to an RFP or submit a proposal or statement of qualifications to provide ADFA with your Equal Opportunity Policy.
7. **Acceptance.** Submission of proposals, in response to this Request for Proposal, constitutes acceptance of all conditions, requirements and limitations described in this document.
