SECTION I: INSTRUCTIONS TO PROPOSERS/ GENERAL INFORMATION

A. PURPOSE. The Arkansas Department of Information Systems (DIS) has been working with ADFa and the Arkansas Building Authority (ABA) on the acquisition of part of the Paramount Life Building (approximately \$2,000,000), an existing property located at 11025 Anderson Drive off of Rodney Parham, Cantrell Road and I-430. The first floor and part of the second floor will provide a back-up data center for the State of Arkansas. The other portion of the building will be owned by Bedrock Commercial Partners. A new Horizontal Property Regime (HPR) has been formed allowing ADFa to own roughly 41% of the building. ADFa will lease to the ABA who will then sublease to DIS. \$3,000,000 in additional equipment financing will also be needed to run the data center. There are significant cost savings achieved by having this “hot” data site. It eliminates the need to pay for the back-up and redundancy checks by an out of state specialized data services company. The current DIS data center is located in the Big Mac Building on the Capitol grounds. There are plans for some renovation and upgrade at Big Mac, but that is not part of this project. There are lots of moving parts for DIS, and they are working on a transition plan for the phase-in of this newer facility in the Paramount Building. The team of bond professionals that is being assembled will need to assist DIS, ABA and ADFa in developing an optimal financing plan that will be impacted by some known facts and multiple assumptions. The use of bond proceeds includes real estate and equipment which have different economic useful lives. The equipment may have operating system software included. There may be the need for disaster recovery software. Interest only might be necessary for an initial period of time. DIS is paid for their cost of services from multiple governmental entities. It is important to structure this financing so that new debt service will not increase the current rates and charges that DIS recovers from their customers for their cost of services.

B. SUBMISSION OF PROPOSALS. Written proposals responding to the questions and requests for information in the manner specified in this Request For Proposal (“RFP”) should be submitted to the following:

rfp@adfa.arkansas.gov

To be considered, one (1) copy of the proposal should be delivered to ADFa not later than October 4, 2013, by 12:00 p.m., via email. Late proposals will not be accepted. ADFa reserves the right to reject any or all proposals.

C. ADDITIONAL INFORMATION. It is the responsibility of the proposer to inquire about and clarify any aspect of the RFP. Substantive questions and answers will be documented in letter form and will be sent by electronic mail to all the proposers who provide us with an e-mail address. **IN ORDER TO BE ON THE DISTRIBUTION LIST FOR INTERNET TRANSMISSION OF ALL RESPONSES TO INQUIRIES, YOU MUST IMMEDIATELY ADVISE PATRICK PATTON OF ADFa, THE INTERNET E-MAIL ADDRESS TO WHICH YOU WANT ALL SUCH TRANSMISSIONS SENT.**

SECTION III: STATEMENT OF QUALIFICATIONS

An updated statement of qualifications should be maintained on file at ADFA for all firms submitting proposals as bond counsel.

SECTION IV: PROPOSAL FORMAT

A. TRANSMITTAL LETTER. A brief transmittal letter prepared on the proposer's business stationery should accompany the submitted proposal.

B. PROPOSAL. The proposal should be labeled "Proposal to serve as Bond Counsel for the DIS Data Center Project". The proposal must contain sufficient information to enable the ADFA Staff Professional Selection Committee to evaluate the proposal. It should be prepared in a clear and precise manner and should address all appropriate subsections.

1. **Bond Counsel Team and Personnel.** Describe the manner in which you would organize your firm's resources to serve as bond counsel for the proposed financing. In doing so, please address the following questions or issues:
 1. Identify the individual who will manage this financing on a day-to-day basis. Define this individual's position within the firm and indicate the degree to which he or she will be able to commit the firm's resources to ADFA. What is this person's availability for this financing and what other commitments does he or she have?
 2. Identify other professionals from your firm who will be assigned to work on this project, their roles and responsibilities and relevant aspects of their background. How will these individuals work with the other members of the financing team?
2. **Bond Counsel Opinion.** Confirm whether your firm can issue opinions necessary for the issuance of debt instruments under existing law. If legislative action is needed before an opinion can be given, provide a brief summary of such legislation. Describe any other legal issues which must be resolved before the financing program can be completed.
3. **Comments on Scope of Services.** Elaborate on the services you propose to perform as bond counsel for the proposed financing. In what way do you expect the scope of services to differ from those listed in Section II?
4. **Arkansas Presence.** Please explain your firm's presence within Arkansas and describe how that presence is relevant to the proposed transaction.
5. **Potential Conflicts.** List any relationship which might lead to a potential conflict in performing any services for ADFA. Please list specifically any conflicts resulting from material adverse matters, as distinguished from the conduct of business as usual. Indicate what steps would be taken to eliminate any such conflict.
6. **Rationale for Appointment and Proposal Summary.** This section of the proposal should be used by each proposer to present the case for its appointment to the position sought. It is not necessary for you to recite comprehensively your firm's qualifications and experience, which should be on file with ADFA in your current Statement of Qualifications, but it would be useful for you to describe how your qualifications and experience is relevant to the proposed transaction. In particular, you may want to select a past deal as bond counsel (indicating the date of issue, issuer, credit description, size and method of sale) and summarize its similarity to this program and its successfulness.
7. **Malpractice Insurance.** Acknowledge that if selected as bond counsel, your firm will provide to ADFA proof of malpractice insurance covering, among other things, securities-related claims. Please list any pending claims or disputes relating to prior opinions as bond counsel.

8. **Bond Counsel Fee Determination.** Selection of a bond counsel will not be based on a competitive bid. ADFA will attempt to negotiate with the top ranked firm to establish a fair and reasonable fee. If an agreement cannot be reached with the top ranked firm, negotiations will be attempted with the lower ranked firms in order of their rankings.

Provide the basic assumptions on which your firm's fee would be predicated and any factors that would change the actual fee. State what you consider to be the most appropriate method for determining a reasonable attorney fee for this representation, and state your rationale.

9. **Equal Opportunity Statement.** Please submit your Equal Opportunity Policy to ADFA in accordance with Arkansas Act 2157 of 2005. This act requires any firm wishing to respond to an RFP or submit a proposal or statement of qualifications to provide ADFA with your Equal Opportunity Policy.
10. **Acceptance.** Submission of proposals, in response to this Request for Proposal, constitutes acceptance of all conditions, requirements and limitations described in this document.
